We have heard of action—quick action—by oil companies, but we have never known an "infant" that could get around like this one. This company is only a few weeks old, yet it has one well almost to the sand, another contracted for on its wonderful five acres jam up in the Hamer gusher field and No. 3 well will soon be started on its 13 acres in the famous Bull Bayon field.

Has made a record that its officers and stockholders should well be proud of and we are indeed glad that we have been able to offer this sensational stock to our many clients. The response to our offering was instant and we are completely awamped with orders. The people of the Southwest are quick to appreciate the wonderful company that Judge Fisher has given us and its about

So if you want to join the thousands who are buying this wonderful stock INSTANT ACTION IS NECESSARY. The closing day draws near and it is coming unannounced. You can wire at our expense but haste is necessary.
